Language Assistance Plan

Plan Components

As a recipient of federal US DOT funding, the **City of Galesburg** is required to take reasonable steps to ensure meaningful access to our programs and activities by limited-English proficient (LEP) persons.

Limited English Proficient (LEP): Refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

The **City of Galesburg's** Language Assistance Plan includes the following elements:

1. The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.
2. A description of how language assistance services are provided by language
3. A description of how LEP persons are informed of the availability of language assistance service
4. A description of how the language assistance plan is monitored and updated
5. A description of how employees are trained to provide language assistance to LEP persons
6. Additional information deemed necessary

Methodology

To determine if an individual is entitled to language assistance and what specific services are appropriate, the **City of Galesburg** has conducted a *Four Factor Analysis*¹ of the following areas: 1) Demography, 2) Frequency, 3) Importance and 4) Resources and Costs.

LEP Four Factor Analysis

- **Factor 1: Demography:** What is the number or proportion of LEP persons served and the languages spoken in the service area?

Overview

The first factor of the *Four Factor Analysis* is the basis of the Language Assistance Plan. It requires the **City of Galesburg** to review its US Census data to determine if it meets the *LEP Safe Harbor Threshold*.

US Census and American Community Survey (ACS) Data²

¹ DOT LEP guidance <https://www.civilrights.dot.gov/page/dots-lep-guidance>

² The ACS publishes data in many forms on the Census Bureau American Fact Finder website <http://factfinder2.census.gov/faces/nav/jsf/pages/searchresults.xhtml>

The **City of Galesburg** did the following:

1. Inserted a copy of the **City of Galesburg's** Knox county LEP data in the Title VI plan. This data was found at the website: U. S. Census Factfinder.
 2. Analyzed the LEP demographic data for the **City of Galesburg's** program and/or service area by calculating the *Safe Harbor Threshold* for two to three of the largest language groups identified other than English.
 - a. The *Safe Harbor Threshold* is calculated by dividing the population estimate for a language group that "Speaks English less than very well" by the total population of the county.
 - i. The *LEP Safe Harbor Threshold* provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less) the **City of Galesburg** must provide translation of vital documents in written format for the non-English users.
 - ii. Examples of written translation of vital documents include the Title VI policy statement and/or Notice to the Public (Appendix 2), Title VI Complaint Procedure (Appendix 3), Title VI Complaint Form (Appendix 4), and ADA paratransit eligibility forms.
 3. Explained the results of the analysis of the county LEP data in the demographic section of the *Four Factor Analysis*.
- **Factor 2: Frequency:** How often does your staff (and/or contractor/lessee) come into contact with LEP persons?

Overview

LEP persons are persons identified as speaking English less than very well, not well or not at all. Just because a person speaks a language other than English doesn't mean they don't speak English or are identified as LEP. The summary below discusses the frequency with which **City of Galesburg** staff, and/or its contractor/lessee come into contact with LEP persons. It also provides information on the how staff is instructed to meet the needs of LEP persons.

- **Factor 3: Importance:** How does the program, service or activity affect people's lives?

Overview

The summary below discusses how the **City of Galesburg's** program and services impact the lives of person's within the community. The City of Galesburg will specify the community organizations that serve LEP persons, if available.

- **Factor 4: Resources and Costs:** What funding and other resources are available for LEP outreach?

Overview

The summary below discusses the low cost methods used by the **City of Galesburg** to provide outreach to LEP persons as well as train staff (and/or its contractor/lessee) on Title VI and LEP principles.

Additional Required Elements

In addition to the *Four Factor Analysis (listed below as item #1)*, the City of Galesburg will address the following elements:

- Item #2:* A description of how language assistance services are provided by language
- Item #3:* A description of how LEP persons are informed of the availability of language assistance service
- Item #4:* A description of how the language assistance plan is monitored and updated
- Item #5:* A description of how employees are trained to provide language assistance to LEP persons

And, any additional information deemed necessary.

City of Galesburg – Summary of the Language Assistance Plan Components

Item #1 – Results of the Four Factor Analysis <i>(including a description of the LEP population(s) served)</i>
--

Factor 1 – Demography

*The **City of Galesburg** assists a non-profit transit provider who provides transportation services for the city.*

The US Census Bureau – American Fact Finder (2010) reports there are numerous languages spoken in Knox County. Some of these languages include Spanish, French, German, Italian, Chinese, Japanese, and other African languages. After English, the second largest language group is Spanish.

*The Safe Harbor Threshold is calculated by dividing the population estimate for a language group that "speaks English less than very well" by the total population of the county. The LEP Safe Harbor Threshold provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less), the **City of Galesburg** must provide translation of vital documents in written format for non-English speaking persons.*

*Knox County has an estimated population of 49,530, with 1,421 persons who identify as Spanish speaking. Of those Spanish speaking individuals, 547 indicate they "speak English less than well". This language group is approximately 1% and well below the 5% threshold. This means the **City of Galesburg** is not required to provide written translation of documents. All of the other language groups listed above are also below the safe harbor threshold. This means that at this time, the **City of Galesburg** is NOT required to provide written translation of any document in any language other than English.*

Even though the City of Galesburg is below the safe harbor threshold and is not required to provide written translation of documents, it does publish operating hours, fare schedule, transfer points, and holidays in Spanish on its website.

In the future, should the City of Galesburg meet the Safe Harbor Threshold for any language group, it will provide written translation of vital documents in such languages and also consider measures needed for oral interpretation.

Factor 2 – Frequency

The City of Galesburg (and its contractor/lessee, if relevant) will be trained on what to do when they encounter a person that speaks English less than well. The City of Galesburg and/or its contractor/lessee will consider making adjustments as needed to its outreach efforts to ensure meaningful access to all persons and specifically to LEP and minority populations of the City of Galesburg's programs and services.

The City of Galesburg's contractor/transit provider provides rides to a significant portion of the population each year. While formal data has not been collected, the contractor has indicated it has encountered a limited number of LEP persons using the service on a regular basis.

Our contractor/transit provider has an open door policy and will provide rides to any person who requests a ride. If an individual has speech limitations, the dispatcher or driver will work with the Transit Manager and the City of Galesburg, if needed to ensure the individual receives access to the transportation service.

Factor 3 – Importance

The City of Galesburg and our contractor/transit provider understands an LEP person with language barrier challenges also faces difficulties obtaining health care, education or access to employment. A transportation system is a key link to connecting LEP persons to these essential services.

The City of Galesburg has identified activities and services which would have serious consequences to individuals if language barriers prevented access to information or the benefits of those programs. The activities and services include providing emergency evacuation instructions in our facilities, stations and vehicles and providing information to the public on security awareness or emergency preparedness.

The City of Galesburg's assessment of what programs, activities and services that are most critical included contact with LEP persons themselves to obtain information on the importance of the modes or the types of services that are provided to the LEP populations.

Factor 4 – Resources and Costs

Even though the City of Galesburg does not have a separate budget for LEP outreach, the city has worked with our contractor/transit provider to implement low cost methods of reaching LEP persons. For example, the City of Galesburg has at least one Spanish speaking person on staff. This has ensured the City of Galesburg can provide assistance to LEP Spanish-speaking persons, if needed.

Item # 2 – Description of how Language Assistance Services are Provided, by Language

The City of Galesburg has bilingual individuals on staff. In addition, we work with our transit provider to ensure mechanisms are in place to reach LEP persons in the service area.

Item # 3 - Description of how LEP Persons are Informed of the Availability of Language Assistance Service

The City of Galesburg and its transit provider does the following to inform LEP persons of the availability of language assistance services: publishing operating hours, fare schedules, transfer points and holidays in languages other than English on the City's website.

Item # 4 – Description of how the Language Assistance Plan is Monitored and Updated

The City of Galesburg reviews its plan on an annual basis or more frequently as needed. In particular, the City of Galesburg will evaluate the information collected on encounters with LEP persons as well as public outreach efforts to determine if adjustments should be made to the delivering of programs and services to ensure meaningful access to minority and LEP persons.

In addition, representatives of the City of Galesburg meet with Galesburg Transit on a regular basis to ensure the Title VI requirements are met. The meetings with Galesburg Transit are open to the public and are held on the 2nd Wednesday of each month at 1:00 pm at the Transit Maintenance Facility.

Item # 5 - Description of how Employees are Trained to Provide Language Assistance to LEP Persons

City of Galesburg employees are oriented on the principles of Title VI and the City of Galesburg's Language Assistance Plan. New employees will be provided guidance on the needs of clients served and how best to meet their needs. The City of Galesburg will ensure its contractor/transit provider also educates its staff on Title VI requirements, and specifically LEP provisions.

An important discussion point is that of language assistance. If a driver, dispatcher or employee needs further assistance related to LEP program participants, her/she will work with the City of Galesburg's Title VI Coordinator and/or its contractor/transit provider to identify strategies to meet the language needs of the participants of the program or service.

The City of Galesburg will meet with Galesburg Transit at least annually to discuss updates the City of Galesburg's Language Assistance Plan.
