

Golf Commission Meeting  
November 27, 2007  
City Hall  
Galesburg, IL

Meeting was called to order @ 4:45 P.M. by Member Cheesman.

Roll Call: Present: Members Bunch, Cheesman, Calderon, Strack, Park Superintendent Miles, Golf Pro Merrill and Director Larry Cox, Director of Public Works.

Absent: None

Minutes of the October 23<sup>rd</sup> meeting were approved.

**Greenskeeper Report:**

**November**

We have been finishing up the grass mowing and leaf mulching for the season.

The irrigation system and restrooms have been drained and winterized.

The ponds will have to be pumped out again before we can do any silt removal.

The crew has been working on clearing out along the fence line along holes 16 and 17 and also finishing up the siding project on the irrigation pump house.

There is a lot of tree work to do if the weather and ground conditions stay descent this winter.

I am planning to top dress the greens again yet this year, but I will not drag in the material until spring. This will help the greens from being as susceptible to winter kill and also will help fill in any remaining aerification holes or ball marks.

Discuss Greenskeeper position for next year.

**Golf Pro Report:**

Good week this past week with good weather, but the rest of November was not very good. Have sold four (4) season passes for the 2007 year already. Greg will be spending some time contacting people about outings for next year.

**Old Business:**

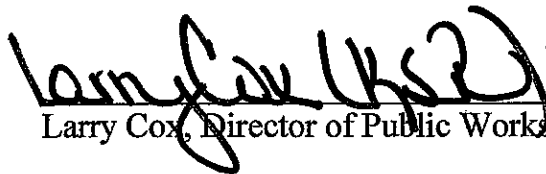

None

**New Business:**

- Member Hannan gave her notice of resignation from the Commission.
- Member Bunch noted the American Flag needs to be replaced. He also asked how the pro shop could be expanded. There is a need for expansion to host any outings. Motion was made to investigate the building expansion.

Next meeting will be March 26, 2007.

Meeting adjourned at 5:30 P.M.

  
Larry Cox, Director of Public Works
