Standard Layouts These are not drawn to scale. They are approximate representations of what our standard layouts look like. We can fit up to 28 rounds in the banquet room and up to 10 chairs per round table. We have 34 8 foot banquet tables available with up to 8 chairs per banquet table. Style of layout will be adjusted slightly to reflect the total number of attendees you have. This may include offsetting the round tables rather than straight lines and increasing the number of chairs per table.
